

MEMORANDUM

January 11, 1983

To: Gary Starr

From: Ron Nief

I've been hearing for many years about the deaf bakers in the food service here in Middlebury. I'm wondering if there is a story there-handled in an appropriate manner and for an appropriate publication such as one dealing with the handicapped or the hearing impaired or something along these lines. Please give me a ring at some point if you have the chance.
